# Kids think they are cool, parents know they are comprehensive.

## Family-friendly Pediatrics.

Our Samaritan Healthcare Pediatrics providers—Dr. Calle Ann Gonzales, Dr. Jared Wortham, and Advanced Registered Nurse Practitioner Kimberlee Poole—care for children of all ages, from infants to young adults. They listen and get to know their patients and their families— seeking to understand their concerns. Because they work together as a team, it makes it easier for busy families to schedule pediatric appointments with all providers.

## Convenient Clinic Location.

The Pediatrics department at Samaritan Healthcare is located in a larger, newly remodeled space on the third floor at Samaritan Clinic. This allows families to have their family healthcare services under one roof. If patients require additional tests or x-rays as a result of their office visits, they can conveniently schedule their appointments in the same building. It's easy access, the way it should be!

## Pediatric Services Include:

- Well-child care and guidance
- New baby assessments and education
- Preventive medicine
- Immunizations
- Sports physicals
- Complete adolescent care
- Asthma and breathing issues
- Diabetes, types I and II
- Thyroid disorder
- Disorders of growth and puberty
- Behavioral evaluation and treatment
- Developmental concerns
- Special-needs children care coordination
- Same-day sick visits
- Other chronic conditions

## Listening. Caring. Encouraging

Our Pediatrics providers deliver the very best care for our region's children—from infants on up. Call to schedule an appointment with our Pediatrics care team, **(509) 793-9787**.

## Kimberlee Poole, ARNP

Kimberlee Poole is an Advanced Registered Nurse with an extensive medical background and education in addition to her years of experience caring for children. Kids love seeing her friendly face when they walk through the door, and parents love the high level of care she provides.

## Dr. Jared Wortham

Dr. Wortham is a patient and compassionate pediatrician who takes time to listen to children. Fluent in Spanish, he is able to connect and communicate with a wide range of families. His experience includes a busy outpatient clinic, thriving newborn nursery, and inpatient pediatric services.

## Dr. Calle Ann Gonzales

Dr. Gonzales is an inpatient pediatrician at Samaritan who has significant experience in complex pediatric conditions. Providing care for children who have been admitted to the hospital, Dr. Gonzales works closely with her patients' primary care providers and coordinates specialty care when needed.

## Dr. Amrinder Singh

Dr. Singh is a pediatrician who enjoys interacting with children and their families, viewing himself as part of their team. He believes communication is the best avenue toward preventative pediatric health, providing a patient-centered approach to care that prioritizes active listening and relationship building.

## Dr. Emily Brestin

Dr. Brestin provides compassionate pediatric care for children and their caregivers, drawing from her experiences both as a doctor and a parent. She carefully listens to a child's needs to determine the most important takeaways, and always prioritizes caregiver concerns and applauding healthy adolescent choices.
