

## Billing Associated with Your Visit

You may have been treated at Samaritan but some imaging, lab tests, procedures, or other services may have been performed by other groups that regularly provide care for patients at Samaritan.

Many doctors, ambulance companies, and labs are separate businesses with their own billing and account procedures. If you receive a bill from them and have questions about it, please contact them. Listed below are groups that regularly provide care for patients at Samaritan. If you receive a bill from them and have questions about it, please contact them. This list is not all-inclusive.
